Dedicated to the Cultural Survival of Indigenous Peoples

The cultural clock is ticking for the San and time is running out as the 'old people' pass on.

It is vital for the San that their customs and traditions are handed down to younger generations and Koerikei Lodge and Bushman Sanctuary can make this happen.

South African donors and contributors are entitled to a tax rebate when contributing to the survival of this ancient people. Please contact Allan at the telephone number above or at allan@endangeredpeople.com for further details.

Banking details are available on request for electronic transfers or cheques can be made out to Endangered Peoples Trust.

Your help is needed **now** before it's too late.
